Notice of Proposed Action

May 24, 2007

The Nevada Division of Environmental Protection is issuing this Notice of Proposed Action under the Nevada Revised Statutes and the U.S. Clean Water Act. The Division has received a complete application to renew National Pollutant Discharge Elimination System (NPDES) permit NV0023051 from:

Stateline Stormwater Association
P O Box 12427
Zephyr Cove NV 89448

The Stateline Stormwater Association consists of public and private entities that operate and maintain stormwater control, treatment, and disposal facilities serving the casino core area of Stateline, in the Lake Tahoe basin. The stormwater system delivers an estimated 83% of the design storm volume to a treatment system, with subsequent discharge to the irrigation storage reservoir on Edgewood Golf Course. The Division has made the tentative determination to renew NPDES permit NV0023051 for a five year term. Comments, objections, or public hearing requests on this matter must be submitted in writing to:

Bureau of Water Pollution Control
Nevada Division of Environmental Protection
901 S Stewart St Ste 4001
Carson City, Nevada 89701-5249

by 5:00 P.M. July 2, 2007. Mail postmarked on that date will also be accepted. Hearing requests must indicate the interest of the person filing the request and the reasons why a hearing is warranted. Any public hearing would be preceded by a thirty day public notice period. If no hearing is held, and substantial changes are proposed in response to the comments received, a new public notice period would be conducted for the revised permit.

Copies of the application, proposed permit, and other information on file may be obtained by contacting Robert J. Saunders at the address above or at (775)687-9437 or rsaunder@ndep.nv.gov. In addition, the fact sheet and this notice are posted at <http://ndep.nv.gov/admin/public.htm>. The office fax number is (775)687-4684.
